

# The Word Game of UTTER NONSENSE™

It's a battle of gibberish!  
Players try to be the last remaining to NOT  
have formed a real word!

Not so easy with the  
luck of the draw,  
plus the skillful use  
of QWYJ cards can  
alter the course of  
play — maybe the  
difference between  
making sense and  
utter nonsense.

100 cards.
